## *A Message To Gladiolus Lovers:*

he past year has served to demonstrate the increasing popularity of the Gladiolus. There has been more demand for this wonderful flower than ever before. The easy culture appeals to all and there is no other garden flower that gives such a limitless array of color and shade of colors.

You cannot get any plants more profuse in worthwhile bloom, nor can you find any flowers superior for cutting. Spikes placed in water will bloom for weeks at a time, while those in the garden will flourish over a long period.

I have tried out hundreds of varieties, but list only those which I consider most desirable for all purposes. (Of these choice kinds I grow a bulb product of unsurpassed blooming power.)

### **INSTRUCTIONS FOR PLANTING GLADIOLUS BULBS**

Gladioli are very easy to grow and will do well in almost any ordinary garden soil. If planted in the richest place of your garden and given plenty of sun and moisture, they will, however, repay you with extra-large blooms and gorgeous colors.

To obtain a continuation of blooms during the greatest part of the season, it is advisable to plant at intervals of ten days, from the middle of April until the end of June.

Plant the bulbs 4 inches deep in heavy soil and 5 or 6 inches deep in light soil. To get your soil in good condition it will be necessary to spade deep and pulverize thoroughly. It is preferable to work in stable manure in the fall if possible. If not, it is advisable to use fertilizer or bone meal in the spring, such as is used for growing potatoes, being careful to mix the fertilizer well with the soil so that the bulbs will not come in direct contact with it. I have a fertilizer, which is prepared especially for the growing of gladioli, and can recommend it very highly, having used it for several years.

Upon receipt of 85 cents I shall be glad to send you prepaid a ten-pound bag of this fertilizer.

Many people make the mistake of planting the bulbs too shallow, making it necessary to stake or tie up the flowers during the blooming time. This will not be necessary if my instructions for deep planting are followed.

I shall be very glad to have you visit my fields during the blooming season. My fields are at their best during the last of August and up to the middle of September.

I shall also be glad to furnish you with any other information you may require to grow Gladioli successfully.

### **PLEASE NOTE**

For the price quoted, I deliver bulbs, transportation free, to all points in the United States. Kindly bear this in mind when comparing my prices with those of other growers.

No orders of less than fifty cents can be accepted. Small orders are filled with as much care as large ones. Special prices will be quoted if 250 bulbs or more of one variety are desired. Planting instructions are enclosed with each order.

All bulbs offered in this catalog are of excellent quality and will produce blooms the first season.

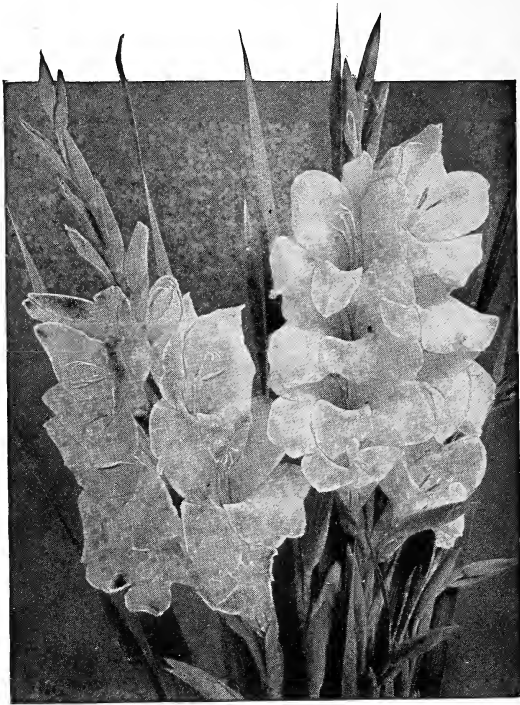

### **PLACE YOUR ORDER EARLY**

It is to your advantage and to mine to place your order as soon as possible after receiving this catalog. Please state whether you want the bulbs sent to you at once or at the proper time for planting. All orders received before March 1 will be held until proper time for planting when all danger of freezing in transit has passed, unless immediate shipment is desired; in which case the bulbs will travel at purchaser's risk against frost.

### MIXTURES

**A Very Fine Mixture**, containing several of the best varieties, accidentally mixed in the handling and growing. 4 cts. each, 45 cts. per doz., \$3.00 per 100.

**Exhibition Mixture**, consisting of high-grade varieties, selected very carefully with the purpose of securing a well-balanced combination of colors. 5 cts. each, 50 cts. per doz., \$4.00 per 100.

**Primulinus Hybrids**. An Artistic Mixture, containing the most wonderful colors imaginable. The flowers are very graceful. The stems are slender, but strong and very tall. One bulb will very often produce several flower-spikes, thereby prolonging the flowering season considerably. 7 cts. each, 60 cts. per doz., \$4.00 per 100.

**Blue Hybrids**. Containing many shades of blue. 8 cts. each, 70 cts. per doz., \$5.00 per 100.

**Special Offer No. 1.—Twenty-four bulbs.**

For \$1.00 I will send you

- 3 **America**, Lavender-pink
- 3 **Black Hawk**, Cardinal red
- 3 **Crackerjack**, Maroon
- 3 **Meadowvale**, White
- 3 **Bernice**, Cream, suffused rose
- 3 **Miranda**, Yellow
- 3 **Halley**, Salmon-pink
- 3 **Pansy**, Dark blue

Real value \$1.23 for only \$1.00 postpaid. Each variety named and packed separately.

**Special Offer No. 2.—Sixteen bulbs.**

For \$1.00 I will send you

- 2 **Intensity**, Bright red
- 2 **Summer**, Mauve-lilac
- 2 **Niagara**, Creamy yellow
- 2 **President Taft**, Delicate pink
- 2 **Mrs. Watt**, Wine color
- 2 **Ida Van**, Deep scarlet
- 2 **Scarsdale**, Pink-lavender
- 2 **Faust**, "Harvard," crimson

Real value \$1.26 for only \$1.00 postpaid. Each variety named and packed separately.

**Special Offer No. 3.—Ten bulbs.**

For \$1.00 I will send you

- 1 **Clarice**, Rose pink
- 1 **Schwaben**, Canary yellow
- 1 **Mary Fennell**, Light lavender
- 1 **Distinction**, Deep wine red
- 1 **Mrs. F. Pendleton**, Pink, carmine throat
- 1 **Prince of Wales**, Orange
- 1 **Peace**, White
- 1 **Conspicuous**, Light blue
- 1 **Wilbrink**, Flesh color
- 1 **Empress of India**, Very dark red

Real value \$1.35 for only \$1.00 postpaid. Each variety named and packed separately.

**Special Offer No. 4.—Fifty bulbs.**

For \$2.75 I will send you Special Offers No. 1, No. 2 and No. 3 combined, each variety named and packed separately, making fifty bulbs in all. Real value \$3.84 for only \$2.75, postpaid.

**Special Offer No. 5.—Forty bulbs.**

For \$1.00 I will send you forty bulbs of my RAINBOW MIXTURE. These bulbs are young, healthy two-year old bulbs and will bloom this season. They are guaranteed to produce excellent flowers for several years to come.
